Comment Suggestion

Being a smaller class I received individual attention that allowed me to learn far more than I could of if I had taken this class during the fall or spring semester.

Took completely on a whim just to get an extra credit while on summer break. Taking econ was one of the best choices I've made at Penn even though my intended major is entirely unrelated.

The course is really great and the instructor is helpful and approachable. However, it is not easy as the course exams and homeworks are too difficult and i spent much time on it, sometimes feels a bit discouraged due to too many challenging questions. But indeed i learned a lot things during this course.
